The Clan Hotel Singapore by Far East Hospitality is celebrating its first anniversary with a new stay package and a host of special activities.

The Clan Anniversary Package features a two-night stay in the MASTER Series Premier Room or Grand Premier Room, daily breakfast, a five-course Anniversary Feast for two at QĪN Restaurant & Bar, and two bottles of The Celebratory Brew, curated in partnership with local brewery The 1925 Brewing Co. just for the celebration.

The Clan Hotel Singapore's first anniversary celebrations come with a special stay package, curated guest activities and limited-edition giveaways

Guests who book The Clan Anniversary Package get to attend a Supermama Bento Workshop Experience during their stay, where they can customise their own porcelain plates with decal designs from the brand's heritage series.

Furthermore, the hotel has partnered with local bath and body brand, Rough Beauty, to launch a limited-edition Clan Care Kit that can be redeemed by guests who book directly on the hotel's official website this month.

A giveaway for five lucky guests is available during the celebratory period, with a one-night stay in a MASTER Series Premier Room with breakfast for two to be won.

The Clan Anniversary Package is available for booking until April 30, with a minimum five-day advance booking required.
