The best luxury five-star hotels in Singapore

Treat yourself to an indulgent staycation at these best luxury stays in the Lion City money can buy

Time and time again, Singapore is dubbed one of the richest cities in the world. For that, we can thank a particular Kevin Kwan novel depicting the country's wealthiest made-up families, wrapped up by a scene filmed on the rooftop of Marina Bay Sands. Other than MBS, the city-state is also home to numerous luxury hotels for the bougiest of travellers or loved-up locals planning a surprise staycation.

Some people call it over-indulgence. We say, "why the heck not?" Besides, certain occasions just call for a treat yourself day. Whoever said money can't buy you happiness probably hasn't had breakfast served while basking in a private pool. Check into these hotels and enjoy the finer things in life – butler service, in-room jacuzzi tubs and luxurious spas included.

This chic hotel is wedged at the crossroads of culture and commerce within the Far East Square heritage precinct and Telok Ayer district. It's also located within walking distance from Raffles Place and Tanjong Pagar, cultural sites around Chinatown, and iconic hangouts like Marina Bay and Gardens by the Bay.

The hotel's sky pool and jacuzzi are probably its crowning glory, complete with a bird's eye view of the surrounding heritage district. Those working on their fitness can check out the sky gym on the same floor, fully equipped with modern equipment, complete with fitness-on-demand personal training for guests to book, as well as a traditional Wing Chun wooden dummy for a well-rounded workout.
