The Clan Hotel Singapore turns two this month and is celebrating with The Clan Turns Two – Double The Celebration package.

The package includes a two-night stay in a Master Series Premier Room or Grand Premier Room, Chinese calligraphy workshop, daily breakfast, one four-course dinner, exclusive anniversary gifts, welcome tea ceremony, late check-out, and more.

Guests can learn the basics of Chinese calligraphy in a workshop included in the celebratory package

During the Chinese calligraphy workshop, guests will be introduced to the fundamental skills of Chinese calligraphy where they will create their own art piece and bring it home in a wooden glass frame.

The Clan Hotel Singapore has also teamed up with two local artisans to create two exclusive gifts for guests to take home as a keepsake of their stay: a set of four hand-drawn postcards that showcase features and design elements iconic to the hotel, and a jar of artisanal pandan *gula melaka* biscotti.

In addition, there will be a special pop-up event on March 11 and 18 where Singapore-based calligrapher Corinna Tai will conduct live-writing on traditional paper fans as a complimentary personalised gift for guests.

The Clan Turns Two Package is priced at S\$1,158 (US\$854) and available for booking from now to May 24 for stays between March 10 and May 31.

A minimum eight-day advance booking is required.
